

Capgemini Mexico is looking for Logistics Analyst!

Contract type: Permanent contract

Business unit: Business Services

Department: Supply Chain

Location: Aguascalientes

Overview

As a Logistics Analyst, you will play a key role in ensuring the efficient flow of materials and products across the supply chain. You will be responsible for processing purchase order requisitions, developing and executing logistics plans for the timely distribution of raw materials and finished goods, and supporting the integration and functionality of logistics systems.

What will you do in this role?

- Process purchase order requisitions.
- Elaborate logistic plans for the proper distribution and delivery of both raw material and finished goods.
- Contribute to the proper functionality of the interface between our logistic systems.
- Comply with our service level metrics.
- Provide a high quality and affordable service to our clients.

Qualifications:

- 1 - 2 years of experience in logistics area
- Previous experience working within the mass consumption industry is desirable.
- Strong knowledge in SAP, Oracle or any other similar ERP.
- Strong analytical skills.
- Good communication skills.
- Problem solving skills
- Organizational skills
- Advanced English proficiency.
- Medium – advanced Excel proficiency.

Benefits:

When becoming a member of the Capgemini team you will not only boost your professional career by acquiring enormous international exposure and accessing our vast online certification platforms from the equipment that we'll gladly provide you. You will also enjoy a different way of working through our hybrid philosophy and great teamwork vision.

Caring for you is our business! That is why we offer awesome health and life insurance programs along with many other perks. A great job is waiting for you!
