

Capgemini Mexico is looking for Master Data Analyst!

Contract type: Permanent contract

Business unit: Business Services

Department: Supply Chain

Location: Aguascalientes

Overview

In this role, you will be responsible for processing client requisitions in alignment with established quality standards and pre-defined agreements related to materials, pricing, and reporting procedures. You will ensure the accuracy and consistency of requisition data, while also analyzing and reporting on key metrics to maintain high service quality.

What will you do in this role?

- Process client requisitions following our quality standards along with the previously agreed client, material, price and reports data modifying procedures.
- Report and analyze data to guarantee the quality of the requisitions that are issued by our clients.

Qualifications:

- 1 – 2 years of experience
- Previous experience working within the mass consumption industry is desirable.
- Previous experience using SAP or any similar ERP.
- Intermediate Excel proficiency.
- Basic - intermediate English proficiency.
- Attention to detail.
- Collaboration & team work

Benefits:

When becoming a member of the Capgemini team you will not only boost your professional career by acquiring enormous international exposure and accessing our

vast online certification platforms from the equipment that we'll gladly provide you. You will also enjoy a different way of working through our hybrid philosophy and great teamwork vision.

Caring for you is our business! That is why we offer awesome health and life insurance programs along with many other perks. A great job is waiting for you!

About Capgemini
